## Rock & Roll Bingo

Rock and Roll Bingo could entice a whole new generation into the pubs and the joys of bingo.

If you have never heard of Rock and Roll Bingo it is very simple. Instead of a book of numbers you have a card containing 15 different songs and artists, anything from Frank Sinatra's My Way to Lady GaGa's Born This Way and everything in between.

Instead of a bingo caller you will hear a piece of pop music. When you hear a song that is on your card, you mark it off. If you are the first to complete a line of songs or to cross off all the songs on your card, you win. We have the option of the crowds singing the songs instead to get the card marked or add some fun games into the card like dancing around the table and doing a party piece, you will have a great night's entertainment!!

Get Ready To play Rock and Roll Bingo...

The first game starts off relatively quietly until the crowd starts to recognize the snippets of songs being played and singing along for a few seconds. Once everyone gets into the swing of things the party will be rocking in no time!

### WHAT IS INCLUDED:

- PA
- MC
- Custom Music
- Backdrop
- Custom Bingo Cards

### OTHER OPTIONS:
